

GLOBAL ^{DCU} CHALLENGES

SDG 12

Responsible
Consumption
and
Production

What are SDGs?

The Sustainable Development Goals (SDGs) are 17 interlinked goals created by the UN in order to end poverty and create a sustainable world

... And SDG 12?

SDG 12 focuses specifically on sustainable consumption and production, in areas such as energy, transport, food, and industry.

Targets of SDG 12

Halve per capita food waste by 2030

Encourage companies to adopt sustainable practices

Achieve sustainable management and use of natural resources by 2030

Substantially reduce waste generation by 2030 through prevention, reduction, reuse and recycling

Support the strengthening of science and technology in developing countries to help them move towards sustainable consumption practices

What can
you do to
help?

Prevent,
Reduce, Reuse,
and Recycle

Support
sustainable
local
businesses

Buy second
hand goods
when possible

Take steps to
reduce your
food waste

Walk, bike, or
use public
transport
when possible
